Move my Bag is a subsidiary of
Wight Walks

Luggage discount calculator	
The cost per bag for one move is £10	
To use the luggage discount calculator, calculate the quantity of bags you will require moving and multiply by £10. Then take off the discount then multiply the answer with amount of moves you require and take off the extra discount and this is the total payable.	
Quantity of bags	Discount
1	0%
2-4	10%
5-8	20%
9 and above	30%
Number of moves	Discount
1	0%
2-4	5%
5 and above	15%
Example: 9 bags moved on 5 days 9 bags x £10 = £90 - 30% = £63 5 moves x £63 = £315 - 15% = total £267.75 i.e. £5.95 per bag per day	
TOTAL PAYMENT ENCLOSED	£
Have you remembered your insurance ?	

I/we certify that I/we have read and understood and accepted the booking conditions.
